ABOUT

Hey there! Our names are Tom and Joe McMicheal,
and we're identical twins on the hunt for a job
together. Here's what we have to offer you: as a duo,
we work effectively and efficiently because we are in
tune with each other's thought process. But that
doesn't mean we can't can't work separately too! We
each offer unique solutions and ideas, and we're both
self-directed and adapative. If you think we would be
a good fit for your team, we'd love to hear from you!
